Two lanes on Southbound U.S. 101 closed this Week

The California Department of Transportation (Caltrans) today announced that the southbound U.S. 101 two left lanes will be closed and the right lane will be open to through traffic from 2100hr to 0500 hours on the evenings of November 16 and 17. The closure begins at Lincoln exit and ends at the 101/580 fly over.

The closure is necessary so that Caltrans contractors can continue the work on the Gap Closure Project, which will provide a continuous High Occupancy Vehicle (HOV), or carpool lane, through Marin County.
